

# Baby Bliss®

Dianella revoluta 'DTN03' PBR

## Baby Bliss is a prolific flowering Dianella revoluta with pretty blue/yellow flowers.

Baby Bliss is a beautiful blue native Flax Lily that is a small plant ideal for garden borders, and planted close together forms an excellent low growing ground cover. It is well suited for both home and commercial gardening environments and is suitable for TAS, VIC, SA, NSW, WA and ACT. It is shorter lived in humid areas such as Queensland.

Low growing ground cover

Baby Bliss is an excellent contrasting border plant, and is a refreshing alternative to Mondo grass. It can be used for mass planting, foliage, accent or grassy gardens. In humid areas, avoid excessive irrigation. Do not plant in areas that get constant wet feet. Trim annually to keep it looking good.

## Ideal garden bordering
